6.3 Lessee agrees that all property of every kind and character which may be placed on the leased premises during the term hereof, whether said property is of Lessor or Lessee, shall be located on the leased premises at the sole risk of Lessee.

If, after the expiration of the term of this Lease or after the termination of this Lease for any other reason, Lessee remains or is in possession of the Leased Premises, or any part thereof, Lessor may, at its option, treat this Lease as in full force and effect and Lessee shall be held and considered to be in possession under the terms, provisions and conditions of this Lease.

ARTICLE 11: LESSOR'S TERMINATION RIGHTS

11.1 This Lease may be terminated by Lessor at any time, with or without cause, by giving Lessee thirty (30) days written notice of such termination, and Lessee shall vacate the Leased Premises within thirty (30) days after receipt of such written notice. However, as long as Lessee remains or is in possession of the Leased Premises, Lessee shall be deemed to be in possession under the terms and provisions hereof, as provided for in Paragraph 10.1 above. Furthermore, in the event Lessor, in its sole discretion, determines that Lessee, any members of Lessee or any individuals authorized to hunt upon the Leased Premises, have violated any of the terms and provision of this Lease, then Lessor may immediately terminate this Lease by giving Lessee notice of termination. This Lease shall immediately terminate upon Lessee's receipt of such notice of termination whereupon neither Lessee nor Lessee's members shall have any further rights hereunder.

ARTICLE 12: COMPLIANCE WITH LAWS

12.1 Lessee shall at all times abide by and obey all Parish/County, State, and Federal laws and regulations including hunting and fishing laws and regulations and Lessee shall be solely responsible for the conduct of Lessee's members and guests in connection with said hunting and fishing laws and regulations by Lessee, its members and/or guest. Any violations of the law or regulations of any governmental authority by Lessee, its members and/or guests shall give Lessor the right to immediately cancel this Act of Lease, upon written notice to Lessee and in the event of cancellation of said Lease due to violation of such laws or regulations by Lessee, its members or guests, no proration of the rent previously paid shall be made, but such prepaid rental shall be forfeited and retained by Lessor as liquidated damages and Lessee shall, upon receipt of such notice, immediately vacate and surrender unto Lessor possession of the leased premises. Lessee shall also pay any and all fees, if any, that Lessor and/or Lessee may be required to pay in connection with this Lease.

12.2 It is specifically agreed and understood that Lessee, during the term of this Lease, shall be directly responsible to keep the leased premises free and clean of all debris, refuse, trash, and waste upon the leased premises.

12.3 Lessee and each member of Lessee, by their signatures on this Lease or on the Membership Name and Address List with respect to this Lease or any Agreement to Extend Hunting and Recreational Lease agree that neither the members or any guest or invitees of Lessee or of any member will operate an ATV or motorized off-road vehicle as such described in Louisiana Revised Statute 9:2795.4 before first having become proficient in the use of such motorized off-road vehicle sufficient to engage safely in motorized off-road vehicle activity and without having first specifically read the following notice:

“...WARNING Under Louisiana law, motorized off-road vehicle activity sponsor or motorized off-road vehicle professional is not liable for an injury to or the death of a participant in a motorized off-road vehicle activity resulting from the inherent risks of the motorized off-road vehicle activity, pursuant to R.S. 9:2795.4.”

Lessee and its members shall be fully responsible for determining that members and any guest have the ability to safely engage in motorized off-road vehicle activity and that they (members or guests) were specifically notified of and read in its entirety the above stated warning prior to the use of any ATV or the engaging of any motorized off-road vehicle activity on the leased premises.

ARTICLE 13: INSURANCE

13.1 Lessor currently keeps in force a commercial general liability insurance policy (CGL Policy) written on an occurrence form with policy limits of one million dollars (\$1,000,000) per occurrence and aggregate. Lessor is Named Insured as Lessor, and Lessee (and other similarly situated lessees) will be a Named Insured on the CGL Policy. In addition, Lessor shall carry a pro rata portion of Lessor's cost to carry such insurance based on the number of acres upon which Lessee commences the total acres under recreational lease that are covered by the policy. Lessor shall not bear any cost of the CGL Policy.

In the event Lessor is no longer able to carry such CGL Policy, or chooses not to carry a CGL Policy, Lessee agrees to obtain a commercial general liability policy with policy limits of one million dollars (\$1,000,000) per occurrence and aggregate issued by an insurer carrying a minimum Best's Rating of A- VII or written with Lloyds of London. In such event, such insurance shall name Lessor as an additional insured against third party claims and Lessee will provide Lessor a certificate of insurance issued by the carrier setting forth the policy number, limits of coverage, the expiration date and providing for a thirty (30) day written notice to Lessor before the coverage is materially altered or terminated. Failure to provide the required insurance will be grounds for Lessor to terminate this Lease immediately upon written notice. Any such policy will require the insurer to waive, by endorsement of policy, all rights of subrogation against Lessor, and such waiver is to be evidenced on the Certificate of Insurance provided by the Lessee. However, the obtaining and maintaining of the required insurance coverage shall not bar Lessor from filing a claim against Lessee or its members.

ARTICLE 14: LESSOR'S RETAINED RIGHTS

14.1 Lessor reserves the right to clear, reforest, cultivate or farm all or any portion of the Leased Premises as it may, in its sole discretion, determine to be desirable. At the commencement of any such activities, Lessee shall have the option of either continuing this Lease as to the unaffected portion of the Leased Premises, or of terminating this Lease;

14.2 Lessee acknowledges that Lessor is presently utilizing the Leased Premises primarily for the growing and harvesting of timber, and Lessee shall in no manner interfere with Lessor's timber and accessory operations of those of Lessor's timber contractors on the Leased Premises, which operations may be conducted at any time, and from time to time, and Lessor reserves the right in its sole discretion at any time to perform all acts in conducting land improvement practices on the Leased Premises and to cut, saw and remove any and all timber, wood or growth of any kind upon any or all of the Leased Premises;

14.3 Lessor reserves the right, for the use and benefit of Lessor, and its agents, employees, successors, assigns and mineral lessees, to investigate, explore, prospect, drill and mine for and produce oil, gas and other minerals, to lay pipelines, to build tanks, power stations, telephone lines and other structures thereon, to produce, save, take care of, treat, transport, and own said products, and to dredge and maintain canals, construct roads and bridges, and to build houses for its employees, and in general, for all appliances, structures, equipment, servitudes and privileges which may be necessary for use or convenient to, or in connection with such operations, on the Leased Premises;

14.4 This Lease is also made subject to the rights of any present or future mineral owners or subleases and the owners of any existing servitude, subleases or any rights affecting the surface of the Leased Premises;

14.5 Lessor, its employees, licensees, agents and contractors, reserves and shall have the unrestricted right of ingress to and egress from the Leased Premises during the term of this lease at any time and for any reason it may deem necessary or desirable, without violation of any of the rights granted herein. Lessor further reserves the right to construct or grant to others the right to construct roads, pipelines, power lines, ditches, canals or any other improvements which Lessor deems advisable or necessary, and may execute all such instruments, including without limitation, rights of ways and servitudes which it deems necessary;

14.6 Lessor shall at all times have exclusive control over all structures, roads and improvements situated on the Leased Premises, and may from time to time construct additional roads and improvements on the Leased Premises, and may limit and regulate the use of any such roads and improvements so added. Control of water levels in lakes or impoundments presently situated or subsequently built on the Leased Premises shall likewise be exclusively controlled by Lessor;

14.7 Lessor may sell or assign, to third parties, all of any part of the Leased Premises without consent of Lessee, and upon such sale or assignment of all or part of the Leased Premises, this Lease shall terminate as to the portion of the Leased Premises sold or assigned and the purchaser thereof shall take free from the terms of this Lease; provided, however, that Lessor agrees to refund any unearned rental to Lessee as to the portion of the Leased Premises which is sold; and

14.8 Lessor reserves unto itself any other rights which it has to the Leased Premises which have not been specifically granted herein to Lessee. Should Lessor, or its agents, either coter and use the Leased Premises for the purpose of cutting or removing timber, for preventing or suppressing fires or for exploring for, drilling, mining, producing, saving and marketing minerals, Lessor reserves the right to make such opening in any fences constructed by Lessee that may be deemed convenient or desirable by Lessor for carrying on such operations. No such operations shall be deemed as diminishing the rights of Lessee hereunder, and Lessee waives all claims of damages to persons and property that may result there from. Failure of Lessor to exercise any of the rights it reserves shall not constitute a waiver thereof.

ARTICLE 15: NAILS, SPIKES – DEER STANDS

15.1 No nails, spikes or metal objects shall be driven into trees or timber on the Leased Premises for any purpose whatsoever, except that trees may be used for posting purposes provided aluminum nails are used (maximum 4 nails per sign). Staple guns may be used to attach signs. Fences or cables may NOT be nailed to or attached to trees in any fashion.

15.2 No deer stands shall be located within 150 yards of the boundary of the Leased Premises and Lessee shall prohibit its members and guest from shooting into open fields or pipeline/power line right-of-ways abutting or adjacent to the Leased Premises.

ARTICLE 16: OFFENSIVE ACTIVITIES

16.1 Lessor reserves the right to deny access to the Leased Premises to any person or persons because of their drunkenness, carelessness with guns or archery equipment, trespassing on adjoining landowners, and/or the committing of acts which strain relations with adjoining landowners. In like manner, Lessor reserves the right to terminate this Lease in the event Lessee permits acts which hinder mineral, farming, or timber operations of Lessor or its Lessor or grantees, or activities which are objectionable, offensive, or cause embarrassment to Lessor or are detrimental to Lessor's interest. Failure of Lessee to expel or deny access to the Leased Premises to any person or persons after being notified to do so by Lessor or of Lessee to cease the aforesaid acts, shall result in the immediate termination of the Lease with forfeiture of all rent previously paid.

ARTICLE 17: MINORS

17.1 All minors permitted by Lessee to use the Leased Premises shall be under the direct supervision of one of their parents (or guardian) and when children are present on the Leased Premises, their parents shall be fully responsible for their acts and safety and agree, together with Lessee, to indemnify, defend and hold harmless Lessor therefore, regardless of the nature of the cause of damage, whether property or personal injury, to themselves or others.

ARTICLE 18: OBLIGATION TO INFORM

18.1 Lessee shall inform its members and guests of their obligations and responsibilities under this Lease by furnishing each member with a copy of this Lease and by posting a copy in a conspicuous place.

ARTICLE 19: FIRE PROTECTION

19.1 Lessor shall exercise extreme care in order that forest fires be avoided and to aid in the prevention and suspension of any fires encountered on the Leased Premises, and shall promptly report to (a) Lessor, (b) the State Office of Forestry in the applicable parish/county, and (c) Sheriff's Department of the parish/county in which the fire is located, all known fires, all to the end that the mature and immature standing timber, vegetation and brush on the Leased Premises shall be protected and preserved for the future benefit and use of Lessor. Failure to give such notices of forest fires shall be grounds for immediate termination of this Lease and without Lessor giving the thirty (30) days notice as provided for in Article 11. If, at any time during the existence of this Lease, Lessor believes any extremely dangerous fire period exists, based solely, wholly or partially on advisories of State fire protection officials, Lessor may notify Lessee in writing to suspend the use of the Leased Premises and to temporarily vacate the same until said fire period has passed. Lessee shall neither start nor build any fires on the Leased Premises except in a fireplace in the main camp house, or in a cleared area in the immediate proximity to the main camp house. All such fires shall be observed at all times and completely extinguished at all times when such cannot be observed.

ARTICLE 20: ROADS

20.1 Lessee shall not construct any road or roads upon the leased premises without having first obtained written consent from Lessor or Lessor's representative, and Lessee shall in no event damage or destroy any road or roads now located or to be located in the future on the leased premises.

20.2 Lessee shall maintain and repair all existing, roads, bridges, and culverts as well as roads constructed by Lessee as above provided, in as good a condition as prevailing for an existing road at the beginning of this Lease.

20.3 Lessee agrees that all vehicular travel on or across the leased premises shall be limited to established access roads or improved logging roads located thereon and that such vehicular travel is expressly prohibited in, on, over or across on which young timber stands have been established. The use of four-wheel drive and/or two-wheel drive and/or all-terrain vehicles in wet weather, ("Mud-Riding") resulting in excessive damage to roads is expressly prohibited. Normal pickup truck travel, both four-wheel drive and two-wheel drive is allowed. Logging roads which have been improved (ditched and/or water bars installed) are to be protected from damage. If damage is caused by Lessee, members, and/or their guests to any improved access road or improved logging road and repairs are not performed in a timely manner by Lessee, Lessor reserves the right to repair such road damage at Lessee's expense.

20.4 Lessor shall not have any obligation to maintain or repair any road on the Leased Premises, regardless of whether or not Lessor caused the damage to the road. Lessee shall have the absolute right to relocate any road on the Leased Premises.

ARTICLE 21: POSTING, FENCING, AND IMPROVEMENTS

21.1 Lessee shall have the right to post, fence, and improve the Leased Premises for the limited purposes set forth in Article 4. In the event Lessee desires to erect exterior or boundary fences, such fences shall be done at the sole and expense of Lessee after prior approval of the type and location of such fencing by Lessor.

21.2 Lessor shall not be responsible unto Lessee for keeping trespassers and/or any persons off the leased premises.

21.3 Lessee, subject to the prior written authorization of Lessor, may erect other fences, signs, buildings, or other structures on the Leased Premises, provided, however, that the specifications for all additional fences and the size of all structures must be first approved by Lessor and shall be situated in the areas designated by Lessor; provided, however, that Lessee covenants and agrees that Lessee shall pay promptly when due, all bills for labor performed or materials, or both, furnished in connection with construction of any fence, building or structure on the Leased Premises free and clear of any and all claims whatsoever for which a lien or privilege might be exerted. Lessee agrees that all permanent improvements or alterations made to the Leased Premises shall become the property of Lessor at the termination of the Lease and Lessee shall not be entitled to any credit, reimbursement or payment for such improvements.

21.4 Lessee agrees that any camping on the leased premises shall only be on those sites approved by Lessor, and such sites shall be maintained in a neat and orderly manner and kept free of litter trash, and other debris.

21.4 Lessor, their employees, contractors, agents, and assigns may open any fences erected on the Leased Premises in order to gain ingress and egress from the Leased Premises, and in the event of such opening, Lessor shall replace or repair fencing so affected to its equal or better condition as of such time before opening.

21.5 Each club will be required to restrict and control all points of access into the leased property. All major woods roads which intersect any public road must be gated and kept locked at all times of the year. Minor woods roads which are seldom used or are not used at all can be fenced or a gap installed using at least (3) stands of wire. All pipeline and power line crossings on any public road should be fenced, and if used for access, must be gated. Any woods road or right-of-way which crosses Lessor's property line coming from an adjacent landowner must be gated or fenced unless access is controlled by Lessee on that road before it gets to Lessor's property line. All gates and gaps must be locked with a chain and lock so that Lessor can place a lock in the chain. Also, there may be other landowners owning land behind the leased property who will be allowed to have a lock on the gates leading to their property, as well as pipeline and electric companies for their access to their right-of-ways.

21.6 All gates and gaps should be back away from public roads a sufficient distance to allow log trucks to easily make their turn onto the road. Gates should be at least sixteen (16) feet wide. The expense for gating Common Access Roads which are being used by more than one club for lease access should be shared equally between clubs using the road. Gating procedures of these types of roads should be worked out between the officials of the clubs involved. The quality of the gates and fencing used must be good enough to keep unauthorized people off the land.

ARTICLE 22: NON-ASSIGNABILITY

22.1 Lessee shall not assign or sublease this Lease or any part thereof. Any attempt to do so shall be grounds for immediate termination.

22.2 It is specifically agreed and understood that in the event a majority of the members of Lessee, holding membership in Lessee at the time of the effective date of the primary term of this Lease, whether such membership is in the form of an individual interest in Lessee, a partnership interest in Lessee, or the ownership of corporate stock of Lessee or any other form of membership, should transfer or assign their membership in Lessee to any person, partnership, firm, or corporation, or other legal entity during the term of this Lease, without the prior written consent of Lessor this Lease shall be automatically terminated and voided.

ARTICLE 23: NO WARRANTY BY LESSOR

23.1 Lessor does not make any warranty of title with respect to the Leased Premises, and this Lease is subject to any restrictions, reservations, conditions, subleases, servitudes, rights-of-way or any other matters of record in the records of the Parish in which the Leased Premises are located, including any exception, reservation, or leasing of the oil, gas and other minerals, whether recorded or unrecorded.

ARTICLE 24: NOTICE

24.1 Any notice, demand or document required or permitted to be delivered by this Lease shall be deemed to be delivered when delivered personally or when deposited in the United States Mail, postage prepaid, certified mail, return receipt requested, addressed to the parties at their respective addresses set forth above on page 1.

24.2 The parties hereto and their respective successors legal representatives, and assigns, shall have the right from time to time and at any time change their respective addresses and each shall have the right to specify as its address or any other address within the United States of America by at least fifteen (15) written notice to the other party. Each party shall have the right to change such party's address for purposes of notice, by giving written notice to the other party in the manner set forth herein.

ARTICLE 25: SPECIAL CONDITIONS

25.1 It is specifically agreed by Lessee and Lessor that this lease may be cancelled by Lessor for any breach hereof by Lessee, or their guests, invitees, contractors, and/or agents, including but not limited to, for Lessee's failure to take proper precautions against fire hazards of Lessee's causing of excessive damage to roads or timber on the leased premises as determined in the sole discretion of Lessor. Notice of such breach and/or violation shall be deemed sufficient when addressed to and sent by certified mail to the party and addressed set forth below. Lessor shall have the right to retain all sums paid on account as liquidated damages and as penalty for violating the terms of the lease. Lessee may also be charged for repair of damages from improper care and use of roads, fire related damages and any other damages deemed to be the fault and responsibility of the Lessee.

25.2 Lessor is under no obligation to renew this Lease and any renewal shall be solely at the option of Lessor.

25.3 Lessee agrees to inform its members and guests of their obligations and responsibilities under this Lease by furnishing each member with a copy of this Lease and posting a copy in the main temporary camping facility.

25.4 Hunting, shooting, target practicing, and other activities facilitating the use of firearms of any type or archery equipment of any type shall be strictly prohibited within two hundred (200) feet of any public road or driveway and two hundred (200) feet from all boundaries of this lease as described in the lease or any subsequent amendment.

25.5 Food plot locations must be restricted to utility right-of-ways, fire lines, ditches, and unimproved logging roads and trails. Food plots are **PROHIBITED** in planted, bedded or site prepared areas.

25.6 **Hunting of deer with dogs is prohibited.** Trailing of wounded deer shall be permitted, provided the trailing dog or dogs are on a leash. Violation of this prohibition shall be grounds for terminating this Lease. Lessee agrees to inform all members and guests of this stipulation.
